

INTRODUCTION

In accordance with national Directive SMD-CTM-002 of 2018, the admission of foreign participants to courses held by Institutes of the Italian Armed Forces is annually planned in the months of September-October to ensure that the administrative and formal requirements to be met are complied with well in advance of the beginning of the Academic Year, and to allow candidates to attend intensive or preparatory Italian language courses.

Within this framework, for the courses planned in the Academic Year 2027-2028 it is necessary to submit all the requests to the Italian Defence General Staff by 31st May 2026.

As a general rule, training requests shall be submitted by **foreign Military Attachés accredited in Italy**; in the case of foreign Countries without a Military Attaché in Italy, the relevant Italian Defence Attaché shall be responsible for submitting to the Italian Defence General Staff the admission requests filed by the Military Authorities of the said Countries.

In this connection, for the purpose of avoiding all misunderstandings, **it is requested to indicate for each one of the training chosen the Course Code, as well as the Course Title and the number of military personnel applying for the activity¹.**

All training activities will be presented to the Chief of Defence Staff for approval.

The admission of foreign military staff is subject to the compulsory **acceptance, by the relevant foreign Authorities**, of a **contractual letter** defining in clear terms all the aspects of the cooperation relation to be established. The said document shall be signed by the relevant foreign Authorities, and subsequently sent to the Single Service Staff/Carabinieri General Headquarters and to the chosen Institute, before the beginning of the courses. The Government of the foreign participants shall moreover undertake not to submit any claim for compensation against the Italian Defence Administration (DA) in case of death, illness, permanent disability and/or disqualification for aviation service of its staff resulting from flight and/or airdrop and/or other types of accidents linked to participation in the activities carried out during the courses. The said Government shall therefore be required to draft and sign a **“binding document”**, written in Italian and English, which shall constitute an integral part of the said contractual letter, in the form of the facsimile below:

¹ In case of doubts concerning the courses, the Italian version of the catalogue is the one to refer to.

ANNO ACCADEMICO 2027-2028
DICHIARAZIONE DELLE AUTORITA'
SUL PERSONALE MILITARE NAZIONALE ISCRITTO
